

Shantanu Dey

COMPUTER SCIENCE ENGINEER | DATA ANALYST

+91-6033110140 | [Gmail](#) | [GitHub](#) | [LinkedIn](#)

SUMMARY

Computer Science Engineering undergraduate with proficiency in Python, SQL, HTML, CSS, JavaScript, React, and Node.js, with experience in building full-stack web applications and statistical analysis. Skilled in data cleaning, data visualization, machine learning, and frontend development with proven success in delivering actionable insights from academic and internship projects. Eager to apply Software Engineering, data analytics, UI/UX, and problem-solving skills to support data-driven decision-making.

EDUCATION

B.Tech Computer Science Engineering (June 2023 – July 2027) – Sister Nivedita University	CGPA: 7.00
Class XII CBSE (January 2022 – May 2023) – Kendriya Vidyalaya EAC Upper Shillong	Percentage (XII): 74.8
Class X CBSE (January 2020 – August 2021) – Kendriya Vidyalaya EAC Upper Shillong	Percentage (X): 79

SKILLS

Programming: Python, SQL, DSA, HTML, CSS, JavaScript, UI UX, Figma, Java, React, Node JS , Problem Solving , typescript

DATA ANALYSIS TOOLS

MySQL, Pandas, NumPy, Matplotlib, Excel, Seaborn

DATA SCIENCE

Machine Learning, Statistical Analysis

CODE EDITORS

Jupyter Notebook, VS Code

CODING PLATFORMS

[Leetcode](#) , [Hackerrank](#) , [Greeks for Greeks](#)

WORK EXPERIENCE

- **PAWMAX** (on-going) | UI/UX and Frontend Developer | Apr 2026 – Present
- **RTNS** (RT NETWORK) × iMerit | Generative AI Prompt Engineer | Feb 2026 – Mar 2026 (1 Month)
- **XPMC** : Xpro | AWS DevOps Engineer | Dec 2025 – Jan 2026 (3 Months)
- **Deloitte** | Data Analytics Job Simulation | Mar 26, 2026 (1 Week)

SOFT SKILLS

Adaptability, Problem Solver, Collaborative, Attention to Detail, Quick Learner, Disciplined Leadership Quality, Critical Thinking, Time Management.

HOBBIES

- National Level Football Player (U-19)
- National Level Athlete (sprinter 100m, 200m)
- Musical Instrument Playing Guitar, Drumset
- Currently Representing as captain of College Football team

PROJECTS

Used Car Price Analysis | Tools: Machine Learning

[Click me](#)

- Analyzed 28 years of automotive sales data (1992–2020) covering 4,340+ records and 29 unique car brands Maruti, Hyundai, Honda, etc.
- Engineered features like Vehicle Age and Brand extraction to enhance predictive accuracy.
- Identified key trends, finding Diesel cars hold higher resale value and Manuals dominate 89% of the market.
- Visualized depreciation, highlighting a sharp 40% price drop within the first 5 years of ownership.
- Built a Random Forest model to predict resale prices with high precision based on mileage, fuel, and age.

PlacePro AI (Placement Preparation)

[Click me](#)

- AI-based placement preparation platform. Includes coding practice, aptitude tests, ATS resume analysis, mock interviews.

PromptCraft

- AI-powered graphic/image generation web application using OpenAI DALL-E 3 , Full-stack image generation platform. Converts text prompts into AI-generated visuals.

TruthGuard AI

- AI-powered cybersecurity & misinformation detection platform Detects fake news, deepfake videos, AI-generated content. Built using modern AI technologies with analytics dashboard.

Sharda Setu: Low-Bandwidth EdTech Platform (SIH 2025)

[Click me](#)

- Developed a bandwidth-optimized e-learning portal for rural education that reduced page load sizes by 60% using Service Workers and text-first UI, ensuring seamless access .Includes study material, government exam preparation, and roadmap support

AI Chatbot: NEXUS AI

[Click me](#)

- Developed an AI-powered chatbot using modern web technologies to provide intelligent, real-time conversational assistance and UI

AI-Powered Medical Assistance: Medic for You

[Click me](#)

- Developed an AI-powered medical assistance platform focused on smart healthcare support and user-friendly digital solutions.

TripGo: Online Hotels/Ticket Booking Platform (SIH 2024)

[Click me](#)

- Developed TripGo, a smart travel web platform focused on seamless trip planning.

CERTIFICATIONS

- University of Colorado Boulder — Trees, Graphs Basics, Foundation DSA, Advanced DSA and RSA and Quantum Algorithms Dynamic Programming, Greedy Algorithms for Sorting
- Deloitte – Data Analytics Job Simulation
- XPMC – Internship Certificate
- Code with Harry – Python Programming Completion
- Code with Harry – Data Science Completion
- PAWMAX – Internship Certificate
- National sports – Certificate (Athelete)
- Instructor Network – Coursera: Design Thinking: Insights to inspiration
- University of Virginia – Coursera: Active Listening Enhancing Communication
- IBM – Coursera: Generative AI
- IBM – Coursera: Introduction to AI
- IBM – Coursera: Machine learning with Python
- IBM – Coursera: Generative AI: Prompt Engineering Basics
- IBM – Coursera: Generative AI: Introduction and Applications
- IBM – Coursera: Python for Data Science, AI and Development
- IBM – Coursera: Generative AI: LLMs Architecture and Data preparation
- IBM – Introduction to Deep Learning and Neural Networks with Keras
